

RESIDENT MASKING GUIDELINES

3 / 3 / 2 2

These are the current practices based on 2/28/22 DPH Guidelines

When with other residents or visitors, in common areas or your apartment*

your choice

When interacting with non-health care staff. Maintain 6 feet of social distancing if you unmask.

your choice

When interacting with health care staff (nursing, private care givers, phobolomist, podiatrist, physcial therapy etc).

Mask can be removed if treatment requires it

If exposed to COVID-19 or if feeling signs of illness (call front desk).

When COVID-19 Community levels are medium (as defined by the CDC)

Consult your doctor

When COVID-19 Community levels are high (as defined by the CDC) or when Arbors identifies a COVID outbreak.

• Optional masking assumes Community Levels of COVID-19 are "low" as measured by the CDC
